

An area of 1260 acres in Grand Turk comprising the area of sea from high water mark (1) to the reef wall; a straight line from the North Creek entrance to 277642-236374, along the edge of the reef wall to 277127-2370099, a straight line to Booby Rock Point, along the high water mark to the starting point. Grid references are to sheet 14 Series E3112 (DOCS 3069) Edition 2, O.S.D 1985, Site Plan NP3

Columbus Landfall Marine National Park Zones Grand Turk, Turks and Caicos Islands

Swimming Zones where bathing, swimming, snorkeling and scuba diving from shore only are permitted. These zones will comprise the area between the low water mark and a line situated 91.44 meters (300 ft) offshore from the low water mark, running parallel to the shore.

Mixed Use Zones where bathing, swimming, snorkeling, scuba diving from shore and non-motorized activity e.g. water bicycles and kayaking, is permitted. These zones will comprise the area between low water mark and a line situated 91.44 meters (300 ft) offshore running parallel to the shore.

Access Zones for the purpose of allowing entry and egress of boats (both power boats and sail and manually propelled boats). Each Access Zone will comprise an area 30.5 meters (100 feet) wide extending from the beach to a point 100.5 meters (330 ft) offshore from the low water mark.

Anchoring Zones where the anchoring of vessels greater than 18.3 meters (60 feet) in length is permitted and will be situated at the following based on those specified on Seachart TC001 Edition 2 and TC0002 Edition 1 and 4, "Datum WGS84, Wavy Line Publishing Ltd."

Fishing Zone where subject to the Fisheries Protection Regulations, non-commercial recreational fishing from the shoreline or from the piers or jetties within the zone is permitted using light tackle of not more than 13.6 kilograms (30 pounds) breaking strain.
